ACAPMA
Australasian Convenience and Petroleum Marketers Association

DISTRIBUTOR / RETAILER (VOTING) MEMBERSHIP

ABOUT ACAPMA

ACAPMA is the national peak body representing the interests of the fuel wholesale, distribution, and retail industry in Australia.

ACAPMA is first and foremost a Registered Organisation, a union for businesses, that is formally recognised under Australian law as the industrial advocate for fuel businesses in Australia.

First established in 1976, today the Association directly represents 95% of all fuel distributors in the country and directly and indirectly (via franchisees and distributor-owned retailers) around 80% of the 8,000 service stations operating in Australia.

The scope of ACAPMA's reach extends from 'refinery gate' through to the forecourt of Australia's national network of service stations and petrol convenience outlets - including fuel wholesale, fuel distributors, fuel retailers, petroleum equipment suppliers and petroleum service providers.

ACAPMA's member businesses vary from small to medium businesses, through to large corporations.

We are staunch supporters of the whole Australian fuel industry. We work to promote increased stakeholder understanding of the way our industry operates and the fact that, for the most part, our industry comprises of Australian businesses (of all sizes), that are diligently working around the clock to ensure that the transport fuel needs of all Australians are met in an economically viable and ecologically sustainable manner.

We invite you to join with the Association that is specialised on the complex fuel industry and that is most importantly, for the industry, by the industry.

Rowan Lee
CEO, ACAPMA

SUPPORT FOR MEMBERS

ACAPMAs mission is to support members and the industry.

We do this through meaningful engagement with all Australian Governments on regulatory issues affecting our industry so that the community's expectations of our industry are comprehensively accommodated at least cost to market participants (and ultimately our customers).

We also support the industry via the delivery of a range of business support services that are specifically designed for the fuel industry, including: employment compliance, industrial relations, safety compliance, environmental compliance, and workforce skills.

ACAPMA has been the sucess partner for fuel businesses for almost 50 years – its what we do

- Employment advice and assistance, including representation in Unfair Dismissals up to and including the Conciliation Conference, at no extra cost
- Discounted access to industry specific online training, including the Fuel Convenience Compliance course (FCC)
- Discounted access to the premier industry event for learning and networking, the Asia Pacific Fuel Industry Forum (APFIF)
- Access to the latest information, from industry experts, regulators and innovators via ACAPMAg
