INSTRUCTIONS TO APPLICANTS

Applicants are invited to address all four selection criteria and address the questions posed under each criterion but must address at least one criterion to be eligible for consideration.

Obviously, those applicants that can address all four criterion are in a stronger position in the overall assessment of merit, but addressing all four criterion is not essential for consideration or success, with higher weighting given to Criterion 1 (Excellence in Compliance) and Criterion 2 (Providing Safe and Healthy Workplaces).

Further, the questions posed under each criterion are intended to provide general guidance and assist with the completion of your application. Applicants are strongly encouraged to provide additional commentary in the free-form area at the bottom of each criterion to expand on these questions or to provide other information that is of direct relevance to the Judge's deliberations.

Please feel free to append any materials (relevant photos or video files) that support your application.

If you require clarification of any of aspect of the criteria presented in this application, please contact ACAPMA by emailing events@acapma.com.au or calling the national office on 1300 160 270.

Once completed sent form and supporting documents to ACAPMA by emailing events@acapma.com.au
